

Garbage Disposal on JBER

Policies and Resources

Tipsters

Residents are provided the largest (96 gallon) size of recycle and garbage tipsters available in Alaska.

Storage

Tipsters should be stored inside the garage at all times; this keeps the bears out of your trash.

Pick up

Tipsters should be placed curbside, 3 feet from other items, the morning of scheduled pickup. The handle should face towards the house.

Tickets

Conservation Law Enforcement and AMH will issue fines and/or tickets for violations including overfilled tipsters that do not close all the way, trash left outside, or tipsters stored outside.

Double Bag

Reduce odors and prevent spills by double bagging. Kitchen bags are often thinner and hold less than traditional black trash bags. Try placing two kitchen bags in a larger bag.

Use Recycling

Utilizing your recycle bin will cut the amount of garbage to place in your tipster. If it can be recycled, take advantage of this service.

Break down boxes.

Less volume = more space

Dumpsters

Some neighborhoods may have dumpsters in lieu of refuse tipsters.

Respect your neighbors.

Do not overfill or place trash outside of dumpsters. Hazardous waste should not be placed inside dumpsters.

Cardboard Trailers

JBER maintains various free disposal sites for broken down cardboard.

Locations are subject to change.

Building 600: rear parking lot

Fairchild Shoppette: near mailboxes

Ft. Richardson Library: front parking lot

Airman's Attic: across from People Center

Elmendorf Thrift Shop: off of Quartermaster Road
