
Roof & Siding Repair

Our Contractor Davis Constructors & Engineers, Inc and Rain Proof Roofing will be performing numerous repairs to the flashing, ice and water shield, window drip caps, and wall transitions on your roof.

This will begin on

and will last approximately 3 business days.
All work will take place between 8 AM and 5 PM.

The Contractors will require full access to your roof, with work primarily focused on the lower roof. Every effort will be made to minimize disruption; however, this project requires the use of nailers and hammers, so noise will be present.
